

Maglin Minis

The Maglin Minis Collection

Inspired by the idea that great design should include everyone, Maglin Minis reimagines our most-loved pieces—benches, tables, blocks—for children aged 4 to 7. Built with the same durability as our full-sized designs, this line of children's site furniture is perfect for schools, parks, and playgrounds.

Bright finishes. Scaled-down proportions. Serious staying power. This is outdoor furniture that fits their world.

Perfectly Sized for Little Sitters

Maglin Minis brings the comfort and familiarity of our full-sized 400 Series and Ogden Benches to a scale made for kids. Sized for children aged 4–7, these classic forms promote inclusion and independence in outdoor learning and play environments—without compromising on craftsmanship or durability.

Design-Centric. Kid-Approved.

Designed to encourage collaboration and creativity, Maglin Minis tables and seating support how kids naturally interact with the world. With playful pieces like Pixel Blocks, FAVA Clusters, and Kontur Chairs, these flexible configurations give designers new tools to activate outdoor spaces with bold color, innovative function, and scaled-down style.

Meet Maglin Minis.

Bright, fun, and designed with the same trusted Maglin quality, these pieces bring comfort, creativity, and independence to the spaces where little ones learn, play, and grow.
